Customer Service **0800 912 1700\***

Dear Mrs. Justine Martin,

**Ham Farm, Land Off, Shaftesbury Road, Gillingham, Dorset, SP8 4LL**

Thank you for choosing us to give you a budget indication for a new connection at the above site, and please find our estimate below.

**Work to be carried out**

SGN Connections to install an appropriately sized gas infrastructure to suitable locations for 300 x new domestic units.

SGN Connections will provide all excavation and reinstatement of the trenches up to your site boundary. No meter or meter work is included.

**Your budget indication is £ 213,000 (No Incl. VAT)**

Please note that this figure is a budget indication only, it is based upon hourly load of 18,000.00kwh and annually quantity 6,180,000.00kwh along with any other information you've given us, and doesn't represent an offer to carry out the work.

We won't be able to give you a more accurate quote until a full design study has been carried out, and there's a charge for this. We'll be able to tell you how much the study will be once you ask us for a firm quote

SGN can confirm that there is sufficient capacity in its Low Pressure network to accommodate this development. This is based upon current network model data which is subject to change. Upon receipt of an application for a firm quote, we will evaluate the actual work required and let you know if any reinforcement is required and if any costs will be applicable.

Please note that Gas Diversionary or Abandonment work may be required. Costs for this activity are not included in this quote. You must make a separate request for diversionary or isolation works to SGN Customer Services on 0800 912 1700 if needed.

Please note that this budget indication does not include any costs for traffic management, road closures, permits or specialist road works that may be required. Nor does it include any specialist costs for works near a stream / watercourse. Upon request of a firm application this will be investigated fully.

Third Party easement costs has not been included within this quotation. If it is found that an easement is required, the cost will be included.

If any unknown obstructions are found hindering the proposed supply route, then an alternative route may have to be arranged, which may incur additional costs.

Please note it is SGN's policy to locate gas meters externally wherever possible. Internal meter positions should only be considered as a last resort if no external locations are available.

If you have any further questions, please feel free to contact me by calling our customer service team on the number at the top of this letter and asking to speak with the undersigned.

Yours sincerely

Lizbeth Timarchi
